Re: “Resolution in Support of Fair Accreditation for California Community Colleges.”

Dear Isabel,

The Executive Board of the Bakersfield College Academic Senate is unable to support the CCA’s “Resolution in Support of Fair Accreditation for California Community Colleges.” The Executive Board supports the recommendation of the Bakersfield College Accreditation and Institutional Quality Committee (AIQ), which states,

**“We appreciate that this resolution is being brought forward, but we do not feel this has been our college’s experience and cannot support the resolution.”**

Thank you for seeking the opinions of our faculty representatives regarding this matter.

Steven Holmes  
Academic Senate President
