Proposed Addition to
Kern Community College District Board Policy Manual
Section Four – Students Instructional

Governance Process: Rely Primarily Upon the Advice and Judgment
(includes Policies 4B7A through 4B7C)

Reason for Revision: To Establish District Policy

4B7 **Articulation**

The Colleges may articulate programs and courses with high schools, limited to Career and Technical Education courses (Tech Prep), and with four-year (4-year) institutions. *(Revised February 5, 2010)*

4B7A Articulation agreements shall identify Kern Community College District Board of Trustees approved courses that are comparable and transferable between the community colleges and high schools or four-year (4-year) institutions. Articulation agreements may include, but shall not be limited to, general education requirements, major subject prerequisites, departmental requirements, and co-enrollment arrangements.

4B7B Articulation of courses and programs with four-year (4-year) institutions shall be the responsibility of the College President or designee. Individual articulation agreements shall be updated and maintained on file at each College.

4B7C Articulation of courses and programs with high schools shall be the responsibility of the College President or designee. A plan for articulation shall be developed and implemented at each College.

4B7D An articulated high school course is one that the faculty of the college in the appropriate discipline, using procedures developed by the Curriculum Committee, have determined to be comparable to a specific college course that has been recommended by the Curriculum Committee, and approved by the Board of Trustees.

4B7E Articulated high school courses may be applied to college requirements in lieu of comparable college courses to partially satisfy:

1. The requirements for a certificate program, including the total number of units required for a certificate;
2. The major requirements in a degree program.

4B7F Articulated high school courses used to partially satisfy certificate or major requirements shall be clearly noted as such on the student's academic record only if the comparable college courses have been successfully completed, or if credit for these comparable college courses has been earned via credit by examination.

With respect to articulated high school courses, credit by examination will only be granted when the final examination for the high school course has the approval of knowledgeable college faculty in the same field, and the student passes this examination with a satisfactory grade ("A", "B", or "C" level).

4B7G Except through credit by examination, articulated high school courses may not be used to satisfy:

1. The requirement that students complete at least 60 units in order to receive an associate degree;
2. Any general education requirement for the associate degree.

4B7H University Transfer Agreements

University transfer agreement programs specify the curricular requirements that must be met, and the level of achievement that must be attained, by community college students in order for those students to transfer to the campus, undergraduate college, or major of choice in the public four-year college segment.
