

Counseling Dept. Feedback for 10/20/21

FIELD/Lowering Min Quals EMLS

No Pros, only Cons:

Regardless of course level, the courses allow students to progress on to get to the next level to receive their certificates, and for degree completion. Minimum quals. need to be upheld. These instructors would still be hired by our campus, and we need to maintain our standards for minimum quals., otherwise the non-credit courses might be a better fit for the Bakersfield Adult School, which does have lower minimum quals. than a CA. Community College campus.
