

Accreditation Institution-Set Standard Update

GRACE COMMISO AND JESSICA WOJTYSIAK

COLLEGE COUNCIL, OCTOBER 8, 2021

What is an Institution-Set Standard?

A standard that the College strives to not fall below and evaluates on an annual basis. When a college does not meet a set standard, it establishes and implements plans for improvement (AIQ).

ACCJC Standard I.B.3

“The institution establishes institution-set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information. (ER 11)”
