

Racial Climate Task Force

Faculty co-chair – Paula L. Parks, Ph.D.

Aug. 30, 2023 Senate report

- Our group is working on the questions for a survey to go out to all employees in October and to students in November 2023.
- Some of the questions will be identical to the ones from the NACCC, and others on the campus climate will be new.
- Follow-up small focus groups or one-on-one interviews will be an option for those who are willing.
