

ISIT Report to Academic Senate

11-6-2023 Meeting

Actions:

1. Vote on Tech. Plan suspended pending revision to 5-year cycle.

Announcements:

- ISIT Program Review Request meeting on 11/27.
- Construction Updates:
 - Arvin Campus is under construction
 - Projects nearing completion & delays:
 - Athletic Center
 - Had to create a new plan to install communication wires, etc. because the plan to run them under the old pool buildings is no longer viable due to the buildings being condemned
 - Rerouting of these wires won't occur until March 2024, which pushed back the gym floor and other installations that have to be completed in environmentally controlled conditions
 - New timeline for the new Athletic Center completion is Spring 2025
 - Architects working to determine how to reconstruct old swim buildings
 - Ag Building
 - Bid completed and awarded
 - Construction to begin November 15
 - Groundbreaking ceremony November 30
 - Residence Hall
 - Still being discussed-no funding
 - Hyflex
 - Hyflex rooms totaling nearly 85 – including the entire Language Arts and Humanities Buildings.
 - Extension granted on project to June 30, 2024
 - More rooms to be updated but may not be Hyflex

Technology Support Services Update

- Laptop Carts-Complete before end of school year

Academic Technology Updates

- Ticketing system for Academic Technology
 - Looking into one single ticketing system

Respectfully submitted,

Bill Moseley

Faculty Co-Chair, ISIT Committee
