

Bookstore Advisory Committee
01/29/2025 Academic Senate Report

A Summary

1. BAC had their first meeting 01/22/2025.
2. Due dates for 2025 summer and fall book orders will be first week of March moving forward. Exact date will be communicated out next report. Stay tuned.
3. BAC has removed the need to fill out two forms for book orders moving forward. We have integrated the OER/ZTC form into the eCampus online ordering form. Yay! So, everyone, whether you have OER or regular textbook must place an online book order for each course.
4. BAC is investigating the bookstore hours to ensure they are effective at meeting student needs.
5. Next activities: Finalize a resolution regarding departments selecting a default textbook that will be used in the event a faculty fails to order a textbook on their own or the course is not yet assigned a faculty member 30 days prior to the first day of instruction (per Title 5).
