UNFINISHED BUSINESS

A. [Instruction Reorganization Proposal](#)

Description: a proposed instructional reorganization drafted by the Interim Vice President on Instruction, Jessica Wojtysiak; Second Read and an Action item.

Wojtysiak reminded the group that this draft is still fluid and not close to being final. One update from the last presentation is the Rising Scholars move under Dean C and Public Safety Training under Dean D. Each Associate Vice President will have five pathways reporting to them.

The agriculture department expressed interest in housing Culinary Arts & Nutrition; however, that group falls under FACE, which includes the Child Development Center and warrants additional conversations. It is also mentioned that the Child Development Center could move under Behavioral Science; however, that is already a large department.

Next step: This item will remain on the agenda for additional reads since more revisions are expected.

NEW BUSINESS

A. [Student Services Proposed Organizational Chart](#)

Description: a proposed instructional reorganization chart drafted by Vice President of Student Services, Cesar Jimenez; First Read.

The proposal was initially shared with the deans and directors, followed by the entire Student Services division, and then the Executive Board at its regularly scheduled meeting on January 22nd. Currently all deans and directors are reporting directly to the VPSS and the proposal will add a Dean for Enrollment Services and a Dean for Student Support Services who would oversee these two sections. To further clarify the division: Enrollment Services generalizes onboarding for all students; Student Support Services generalizes specific cohorts of students.

Additional highlights:

- Housing & Residence Education, Dean of Enrollment Services, and Dean for Student Support Services - new positions
- DSPS to move from Office of Student Life to Student Support Services

- Umoja is in need of additional support and this is being addressed
- Testing to be possibly centralized in one location (various types of testing to be identified)

Additional discussion items: A2mend's placement and reuniting Counseling & Transfer.

Next Step: this item will move to Unfinished Business for a Second Read.

B. Proposed Districtwide Academic Calendars (26-27, 27-28)

Description: proposed districtwide academic calendars for the years [2026-27](#) and [2027-28](#), which is used as a template for the individual colleges to use as a template; First Read.

The Spring Break date range show on the districtwide calendar is not actually four weeks, but simply a window for the individual colleges to determine the dates. Additional discussion took place over possibly extending Thanksgiving week and how to reschedule dates that are required in Fall semester for the 2028-29 AY. This item will be further explored.

Next step: this item will move to Unfinished Business for a Second Read.
