SLO data for 2019-20 has also been posted to the archives page as well as emailed to the faculty listserv on August 17, 2020. The data is to be entered into the Assessment Report in Program Review. Examples to answering the PARR questions on Assessment Report in Program Review have been added in eLumen to help faculty in the creation of their own responses.

Lora mentioned that assessment work may look a little different this year as the focus will be racial equity and engaging students. Our committee will be partnering with AIQ.

c. **SLO-PLO/SLO-ILO/SLO-GELO Mapping**

Brent said we will need to complete some work not completed in Spring 2020.

V. **Assessment Roundtable**

There was also a review of the affective domain of Bloom's Taxonomy. There was a review of committee expectations. The orientation presentation is on the Assessment Committee website under supporting documents.

b. **SLO Narrative**

Lora talked about the potentially new contract for faculty, provided ratification occurs by Sept 4, 2020, and addressed some of the rumors that assessment will no longer be required. Assessment will still be part of our college practices and faculty professional expectations.
