Subject: Nomination for Justice

I nominate Eric Aurelius Testori for the role of Justice for the Bakersfield College Student Government Association. Eric has shown a great deal of passion and recognition for the voices of students as well as his interest for involvement. Not only does he understand the need and crucial roles of Justice in Student Government but he also has an eagerness for better change. This has shown that Eric deeply cares about the wants and needs of students, his willingness to learn, and his connection to the student body. To the Body of the Senate, please consider Eric aurelius Testori for the role of justice.

Cindy Ceja Miranda
