Subject: Nomination for Student Organizations Funding Manager

*I nominate Cecil Dexter for the position of Student Organizations Funding Manager for the 100th Bakersfield College Student Government Association. Cecil has participated in the previous Student Government session making them aware of their position and what the job requires. They have not only shown grand knowledge of the Funding within the Student Organizations but they have also shown commitment to us even though they commute to Bakersfield College. They have wanted to improve activity in student clubs and activities which have improved since the previous session. They are apt to change and are welcoming to everyone, they ensure to stay on task and have shown a great deal of appreciation to the Office of Student Life. To the Body of the Senate please consider Cecil Dexter as my nomination for the position of Student Organizations Funding Manager.*

*Cindy Ceja Miranda*
