Senator-at-Large Candidate

Student Government Association Council

Letter of Intent

Bakersfield College Student Government Association

1801 Panorama Drive

Bakersfield, CA 93311

Dear Student Government Association Council:

I am writing to express my strong interest in joining Bakersfield College Student Government Association as a Senator-at-Large. As an active advocate for students on campus through NAMI my interest has grown to fulfill a position to represent and be the voice for all students on campus. As a Senator-at-Large I plan to take on the responsibly and honor of representing the collective voices of the Bakersfield College community working alongside with students, staff, faculty, and administration to succeed in providing a positive and inclusive environment of what it truly is to be a BC Renegade.

Bakersfield College has a student government association composed of diverse and driven individuals to meet the needs, concerns, and interest of all its students to which I wish to be part of.

Sincerely,

Brenda Leon
