Subject: Nomination for Director of Public Relations

I nominate Sara Pogue for the position of Director of Public Relations. Sara has been a person of great commitment to the Student Government as well as a person advocating for the voices of students. As her time as senator she has ensured to have been a great asset to our student body, which I believe as Public Relations she will ensure to highlight the advocacy SGA has been pushing forth. Her experience as a senator strengthens her transition, ensuring that her contributions align with the behind-the-scenes work of student government.

To the Senate Body, please consider my nomination of Sara Pogue to the position of Director of Public Relations.
