Subject: Nomination for Student Organizations Funding Manager

*I nominate Erin Griepsma for the position of Student Organizations Funding Manager for the 100th Bakersfield College Student Government Association. Erin has participated in multiple activities held around campus as well as made themselves a present and active member of the Inter Club Council meetings. They understand the fundamentals of Student Organizations as well as the processes needed to help a student organization succeed. Erin is motivated to join Student Government by getting more involved with the association, with their work ethic I believe they would make a great addition to the team. To the Body of the Senate, please take into consideration Isabel Saldivar as my nomination for the position of Student Organizations Funding Manager.*

*Cindy Ceja Miranda*
