To whom it may concern,

My name is Leland Hernandez and I would like to formally resign as senator for BCSGA. The main reason why I Am doing this is because I would like to focus on my studies in the summer term as I have realized my classes were stressing me out. I did not want my stressed circumstances to affect my duties as a senator. My education had to come first and this was the right decision for me and my well being. Being a voice for the people while having too much on your plate can affect the way you uphold your duties and I felt I wasn't in the position to be a voice due to the fact that I am not in the correct state of mind to properly assist my duties as senator. I had made this decision based on my own experiences of my recent week. I did enjoy my short and interesting time as senator. I enjoyed having the time to talk to people who had the same values in changing the community we will be a part of or in most cases already part of. The people who are a part of BCSGA in everyone one of them i see the drive to be a part of something bigger themselves while being a student and leader at the same time. I really do think the community you guys are building will succeed and prosper as time goes on. I appreciate everyone who takes the time to read this. Thank you and I hope to see the students and faculty on the campus in the time I am here at Bakersfield college.
