

Emiliano Serna

Letter Of Intent

09/19/25

Why are you interested in being appointed to this position?

I am interested in this position because I am looking to apply my current skill sets to help others at Bakersfield College while also gaining valuable experience. I have always been interested in helping others and being involved. I see this as an opportunity to become more involved in the Bakersfield College community and as a way to be a voice for others. I love to learn and to push myself to be the best version of myself every day. This position also interests me because it would look extremely good on my transfer applications. I plan to achieve higher education after Bakersfield College!

What skills do you have to be successful in this position?

I am very good at time management, accountability, and being able to do things when told. I am also keen on good communication skills, and I love to push myself in any way possible. I work well in groups, I am able to adjust to change, and I love diverse perspectives when applicable. I take a lot of pride in my work, no matter the task, assignment, presentation, etc., which leads me to always put in 100%. I also have extremely good “computer” skills, and I am able to act and type in a swift manner.

Why does Bakersfield College have a student government?

Bakersfield College has a student government for various reasons, such as representing student voices, more involvement for students in decision-making, internship/externship opportunities, networking, advocacy, and more. From my research in this program, I have also learned that this program funds and plans a lot of events on campus for students.
