Letter of Intent

I am excited to submit my letter of intent for the Director of Finance position. My time as the Student Organization Funding Manager has strengthened my passion for financial leadership within BCSGA, and I'm eager for the opportunity to step into a role where I can contribute on a larger scale.

Working closely with student organizations, managing SOF grants, and supporting departmental operations has given me a deep appreciation for how thoughtful budgeting directly impacts student success. I've grown confident in navigating financial processes, collaborating across departments, and ensuring transparency.

I'm enthusiastic about the chance to help guide the Association's financial planning, support the Executive Cabinet, and contribute to building a strong, student-centered Annual Budget. I care deeply about this work and would be honored to continue serving our community in this new capacity.

Thank you for considering my intent. I'm genuinely excited about the possibility of taking on this leadership role and continuing to support BCSGA's mission.

Sincerely, Frankie Dirden
