

Emiliano Serna

January 21st, 2026

Dear BCSGA staff, faculty, and members,

I am disheartened to inform you all that I am resigning from the role of a Senator At Large for the BCSGA, because of personal matters. I have been working full-time, and my classes coincide with the same time as this meeting time for this semester, sadly. As a Senator, I have learned the importance of communication and teamwork to form a coherent body to represent the students of Bakersfield College. I am grateful to be given the opportunity to work within the student body and become more involved at Bakersfield College. I wish you all the best of luck with this current semester and all future endeavors!

Sincerely, Emiliano Serna
