Appealing for Summer 2016

I am requesting that these fees be reduced because most of these semesters I was not a student. And even when I was a student, I lived in Delano and did not participate in any student activities. I am a father of 4 children, working hard to raise my children to be respectable citizens. Three of my children attend Bakersfield College and are in good standing. I don't have the resources to distribute toward these fees and need all available resources for raising my kids. Like I've mentioned, I have not participated in any school activities or functions and wish for you to wipe these fees off of my account. Please send me an email if you have any further questions. Thank you for your consideration. Carlton Lennon.

Appealing for Spring 2018

I will not be needing the student discount sticker for BC. It would be a waste for to to purchase it because I would not have any real purpose for it. I never attend any football games or any other activities on BC campus. When I buy scantrons I only come about twice during a semester. It would not do me any good spending the \$15 because it would spend more on the sticker than I would throughout anything else on campus. I also don't need discounts at restaurants because I hardly ever eat out anywhere but home. Thank you.
