I do not utilize the card. I do not wish to purchase it. I attend class online and have never used the card or its services. I would like the card removed from my account so I do not have to pay for it. I had the card removed for the Spring 2022 semester. I am now taking classes this summer and fall and will not use the card. if you could please help me I would greatly appreciate it. Also, you are asking me to tell you about myself above. I have no choice but to mark at least one of the indicated areas. Although what is marked is not accurate.
