Check Semesters *	<ul style="list-style-type: none"> Spring 2018 Other:

Please explain in detail why you are requesting a refund. At least 100 word statement is needed. *

I took 3 concurrent enrollment classes at Bakersfield College while I was a student at Robert F. Kennedy High School. Since I was a high school student, I took my courses in person at my high school and was taught by Mrs. Cipriano, my high school English teacher. I also took art online. I did not use any Bakersfield College resources including the physical campus or student support resources that are funded by the Bakersfield College Student Government Association. I was also a minor and did not know the BCSGA charged fees. I should not have to pay a fee for dual enrollment courses I took that did not involve using or being represent by BCSGA resources nor should I have to pay a student representative fee since I was not a Bakersfield College student; I was taking a free concurrent enrollment class. Please waive the fees. Also, none of the options under "Tell us about you" apply to me, but I could not submit the form without choosing a random option, so I did. To be very clear, I did not use any of the services listed under 'tell us about you" because my classes were not on campus; they were either online or in a Robert F. Kennedy High School Classroom.
