Please explain in detail why you are requesting a refund. At least 100 word statement is needed. *

I am currently only taking online classes and this is my final semester. I have never been informed about what this is and had to research it myself. The is the first time I noticed I was charged for it but I will never need this or use it, so I am requesting a refund. I do not use the services it is used for. I was not made aware that I would be charged for this and just now getting everything sorted with my financial aid, as there were issues at first concerning that. If I was charged for it due to the theatre class, I dropped that course and swapped it with art online. I have absolutely no need for this. Please refund me as it's not a service I will ever use or need and knew nothing about. Thank you!
