

The Consent Project Club and LGBTQ+ Initiative are hosting the second annual Consent Fair, it is an event created to educate the BC student body in a fun way. The fair is to inform the BC community about how people are affected by sexual assault, pressure, and boundary crossing in different ways, and how it is all consent connected. While the BC community is learning about all things consent, they will be playing games, eating fun treats, and staying cool. We are requesting \$250.00 to pay for snow cones, popcorn and water for the attendees.
