

Dear BCSGA Activities Committee,

I write to you today to ask for your support through a campus collaborative action grant for the Women's History and More committee's Campus Stories: Voices of Female Scholars at Bakersfield College.

We would like to host a networking reception after the panel discussion and would like to use the monies from the CCA grant to pay for light appetizers and refreshments during this time.

The WHAM committee has a variety of programming planned throughout the month of March and have secured funding for all but this event. We would appreciate any support you can provide to put this event on for our student body. Thank you!

Sincerely,

Nicole L. Alvarez

WHAM Committee Member
