

**Standard 1.A Mission Team Recommendation
Mission Statement Policy
Presented to College Council, October 31, 2014**

The Standard 1.A Mission team recommends that College Council review and reaffirm the Bakersfield College mission statement on an annual basis. On a three-year cycle, we recommend that College Council commission a 'Mission Review Team' to conduct an in-depth study, analysis and review of the current mission statement, along with an assessment of factors (external or internal) that would necessitate revisions to the mission statement.
