Curriculum Committee Report to Academic Senate

10/14/2026

Goals of the Committee:

BC Curriculum Committee Goals 2025-2026

1. Provide the knowledge and training necessary to accomplish the approval and renewal of curriculum.
2. Address process issues that are relevant to the approval and renewal of curriculum.
3. Address technological issues that are relevant to the approval and renewal of curriculum.

Announcements:

- UC TCA Report
    - University of California Transfer Course Agreements (UC TCAs) submitted this past month have been determined. Department Chairs, Deans, and CRC representatives were notified. A list can be found in the 09/24/2026 AO CRC Report.
- ADT Updates
    - Several programs are being updated and/or deleted. More information is available in the 09/24/2026 AO CRC Report.
- TOP to CIP Transition
    - An updated 2026 Fall Curriculum TOP-CIP List list was sent on 09/30, requesting further updates/edits as needed. At this point, much of the work has been completed. Another email will go out shortly to those that are still being edited.
- Coursedog transition from eLumen
    - The final data transfers and audits are taking place. Once completed, an email will be sent notifying everyone that Coursedog is available.
    - We will begin accepting electronic curriculum proposals for courses and programs once Coursedog is available.
        - We recommend completing as much prework as possible using information available in eLumen. This work can be copy/pasted into Coursedog later.
    - We reviewed a group of courses and programs which had outside deadlines using an emergency paper process. Those are now being entered into Coursedog.
    - We recommend keeping a copy of any work done in eLumen by downloading a PDF. **REMINDER: Keep a copy of any comments made, as they will not automatically appear as part of the PDF.**
- Common Course Numbering (CCN)
    - Phase III will have a start date of no sooner than Fall 2028, and the templates will be formally reviewed by CSU and UC partners before they are released. Expect UC transferability and Cal-GETC areas to be pre-determined. More information can be found on the CCCO CCN webpage and the ASCCC CCN webpage.
        - For complete history and other memos related to CCN, please see the project website.
- Cal-GETC Standards 1.4 were released along with a change summary. Both can be viewed on the ICAS webpage.
- Use the bc_curriculum@bakersfieldcollege.edu email address to contact the Curriculum Co-Chairs.
