

Bakersfield College

Distance Education-Local Approvals

In response to the Covid-19 situation and the Chancellor's Officer guidance to maintain physical social distancing the Bakersfield College Curriculum Committee is requesting review and approval of the listed courses for distance education with an effective start term of Fall 2020. The change will allow for scheduling options to meet the needs of our students and maintain the learning environment. The courses are all currently approved and the distance education modality is in addition to face-to-face instruction. The method of distance modality is listed next to each course. The modalities include (online, hybrid, interactive, and correspondence). The Curriculum Committee discussed and approved the list of courses for distance education with the expectation that they will provide the same rigor as face-to-face to include meaningful contact between student/course content, student/student, and student/instructor.
