3/23/2023		ANTHB7	Culture, Religion and Ritual	This course provides a cross-cultural perspective in understanding the human experience with the supernatural, with an emphasis on cultural practices from daily rituals, beliefs, and symbolism to organized forms of collective religious expression. Ethnographic studies of non-Western religious expression will be compared to Western concepts of religion. Anthropological perspectives on the origins and evolution of religion are examined, as well as the impact of globalization on traditional religious beliefs and rituals, and the role of religious identity in cultural conflicts and	Revision	3		T, DE, GE	Hybrid, Online, Interactive, Correspondence Education	Approved	Approved	BC GE D1, + CSU GE D IGETC 4	Summer 2024	ANTHB7	Culture, Religion and Ritual
3/23/2023		CNSTB1	Introduction to Construction	This class is an introduction to the basic concepts of the construction industry. It includes an overview of the careers in construction, safety concerns, common mathematics concepts and practice, and an introduction to print reading. Construction techniques common to the local area are investigated and discussed.	Revision	3		T, DE	Hybrid, Online, Interactive	Approved			Summer 2024	CNSTB1	Introduction to Construction
3/23/2023		CNSTB2	Estimating and Scheduling	Students will learn techniques in managing and organizing a construction project. Plan reading, estimating, and scheduling are covered. The extraction of the information necessary to calculate quantities and costs is investigated. The use of computer programs to manage a construction project and to calculate the cost and keep track of the scheduling is	Revision	3		T	Hybrid, Online, Interactive	Approved			Summer 2024	CNSTB2	Estimating and Scheduling
3/23/2023		CNSTB3	Construction Supervision and Project Management	This class covers the various methods of software-based scheduling methods and techniques. It exposes the student to state-of-the-art project scheduling software and project management techniques used by local industry. The student will participate in group projects and will develop real world project schedules.	Revision	3		T, DE	Hybrid, Online, Interactive	Approved			Summer 2024	CNSTB3	Construction Supervision and Project Management
3/23/2023		CNSTB5	Building Construction I	In this course, student will participate in technical and practical experiences designed to teach floor and wall framing of a house including underpinning, wall layout, and wall construction up to the ceiling joists. Students will also learn the basics of estimating of materials, basic surveying, and concrete foundation formwork.	Revision	4		T, DE	Hybrid	Approved			Summer 2024	CNSTB5	Building Construction I
3/23/2023		CNSTB6	Building Construction II	In this course, student will study roof design and cutting, learn the use of the framing square in creating a roof layout, and practice prefabrication techniques in housing with field assignments. Students will also learn estimating for the building trades and the application of various roofing materials.	Revision	4		T, DE	Hybrid	Approved			Summer 2024	CNSTB6	Building Construction II
3/23/2023		HMSVB40	Introduction to Human Services	In this course, students will be exposed to a variety of helping institutions and social issues concerning human services and diverse target populations. Emphasis will also be placed on the historical, ethical, and theoretical perspectives of social and public policy, including current controversies concerning institutional and community-based services, and models of service delivery. Students will also learn the vast opportunities for careers in human services.	Revision	3		T, DE	Hybrid, Online, Interactive	Approved			Summer 2023	HMSVB40	Introduction to Human Services
3/9/2023	GE	PHILB37	Introduction to the World Religions	A survey of the major world religions, which includes both Western religions such as Judaism, Christianity, and Islam, and Eastern Religions, such as Confucianism, Hinduism and Buddhism. Examines each religion's history, sacred scriptures, geographic dispersion, primary theological concepts and spiritual practices, and contemporary role. Emphasis on understanding the distinct belief and practice of an individual in each of	GE Only	3		T, DE, GE	no changes	Approved	Approved	BC GE C2, + CSU GE C2 IGETC 3B	Summer 2023	PHILB37	Introduction to the World Religions
3/9/2023	E	ELETB58	Advanced Programmable Logic Controllers	In Advanced PLC, students will go beyond the basics of Ladder Diagram programming and explore advanced languages including Function Block Diagram and Structured text. The advanced languages are often preferred in applications where automated systems interact with other systems and with robotics. While Ladder Diagram programming will remain a necessary skill, knowledge of the advanced languages will prepare students to work in the increasingly interconnected and technologically progressive industries. Students will spend time leaning theory and hands-on application of programming and will work with a variety of PLC hardware and software. C-ID EET 144x	Revision	3			Hybrid, Online, Interactive				Summer 2024	ELETB58	Advanced Programmable Logic Controllers
##### #####	F, GE	JRNLB1	Media and Society	In this course, students survey mass communication and the interrelationships of media with society including history, structure and trends in a digital age. In this course will be included discussion of theories and effects, economics, technology, law and ethics, global media, media literacy, and social issues, including gender and cultural diversity.
