Programs 10/05/23

1st Read Meeting Date	Program Title	Program Description	Program Type (B, ADT, AA, AS, CA, JSC, NC)	Request Type	Units/Hours	Start Semester
9/21/2023	Communication Studies 2.0	<p>The Communication Studies 2.0 Associate in Arts for Transfer is intended for all students who plan to complete an AA in Communication studies. This degree is especially valuable for those students planning on completing a bachelor's degree in Communication or a similar major at a CSU campus because Communication Studies 2.0 ADT guarantees admission to the CSU system (but not to a particular campus or major).</p> <p>Requirement for AA-T or AS-T degrees: The completion of 60 semester units that are eligible for transfer to the California State University, including both of the following: • The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University – Breadth Requirements.</p> <ul style="list-style-type: none"> • A minimum of 18 semester units in a major area of emphasis, as determined by the district. • The obtainment of a minimum grade point average of 2.0. • The completion of all courses required for the major with a 'C' or better. A 'P' (Pass) 	Associate in Arts for Transfer	New	60	Summer 2024
5/4/2023	Sociology	<p>The Associate in Arts in Sociology for Transfer (AA-T) is intended for all students who plan to complete an Associate in Arts in Sociology. This degree is especially valuable for those students planning on completing a bachelor's degree in Sociology at a CSU campus because the Associate in Arts in Sociology for Transfer guarantees admission to the CSU system (but not to a particular campus or major). Students transferring to a CSU campus that does accept the Associate in Arts in Sociology for Transfer will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. This degree eliminates the additional Bakersfield College graduation requirements.</p> <p>Requirements for AA-T or AS-T degrees: The completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:</p> <ul style="list-style-type: none"> • The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University – Breadth Requirements. • A minimum of 18 semester units in a major area of emphasis, as determined by the district. • The obtainment of a minimum grade point average of 2.0. • The completion of all courses required for the major with a "C" or better. A "P" (Pass) grade is acceptable for courses in the major. 	Associate in Arts for Transfer	Revision	60	Summer 2024

1st Read Meeting Date	Program Title	Program Description	Program Type (B, ADT, AA, AS, CA, JSC, NC)	Request Type	Units/Hours	Start Semester
5/4/2023	Civil Engineering Technology	<p>Graduates of the Applied Science degree in Civil Engineering Technology program are prepared to support various areas of civil engineering, such as construction, water resources, public works, structural detailing and design, environmental evaluation, energy development, and related fields. In addition to engineering fundamentals, the program includes coursework in surveying, civil design with AutoCAD, process piping design with AutoCAD, geographic information systems (GIS), irrigation systems, geology, and environmental science. Students in the ASCET program may consider transfer opportunities to university programs in Construction Management (at eight California State University campuses) and Environmental Management & Protection (at Cal Poly SLO). Opportunities to complete a bachelor's degree in surveying or geomatics via distance education are available through the Western Undergraduate Exchange. Students interested in transferring should contact a counselor or educational advisor.</p> <p>To Achieve the Associate of Science: Upon completion of graduation requirements and the required degree courses with at least a "C" or "P" grade in each course, the student will be awarded an Associate of Science degree.</p>	Associate of Science	Revision	60-70	Summer 2024
