# WHAT IS TITLE 5

Title 5 is the education section of the california code of regulations (ccr)

The california code of regulations is the official publication of regulations that are adopted, amended or repealed by state agencies. Ccr contains 27 "titles"

The regulations are passed by the board of governors, reviewed by dept. Of finance, and filed with the secretary of state. They have the force of the law.

Title 5 supports the california education code (ed code), a collection of california laws that regulate education in the state.

# UPDATING TITLE 5

- California Community Colleges Curriculum Committee (5C)
- ASCCC Fall 2023 Plenary: Resolution to adopt regulatory changes recommended by 5C
- California Community Colleges Board of Governors - Agendized, proposed regulatory action.
- Public Comment Periods (45 day and 15 day) (BoG Hearings)
- Chaptering by the Secretary of State (after certification by Department of Finance)
- CCCCCO Guidance Memo (**typically 180 days to implement**)

# TITLE 5 CHANGES

## A number of revisions were made including:

- Removing the requirement of Elementary Algebra as a prerequisite for a course to be approved to meet the mathematics competency;
- Clarifying definitions of course "completion" (student receives credit) and course "satisfactory completion" (student receives a "C" or better or a "P");
- Allowing (not requiring) districts to calculate Grade Point Average (GPA) solely on courses that satisfy degree requirements when a student earns over 60 units (for local degrees);
- Adding language from Section 55064 regarding the use of noncredit courses to fulfill credit requirements as a form of credit for prior learning;
- Removing references to specific disciplines and adding language focusing on the competencies students should be able to demonstrate (i.e., written expression and quantitative reasoning);
- Aligning association degree course requirements with the Cal-GETC pattern;
- Clarifying that Ethnic Studies courses are Baccalaureate-level courses (not to be confused with courses being above or below transfer-level);
- Clarifying that students who have been awarded a bachelor's degree from an 'institutionally - accredited institution' (new U.S. Department of Education nomenclature) shall be deemed to have fulfilled the general education course requirements for the associate degree; and
- Specifying that students who intend to transfer shall be advised of limitations transfer institutions may place on the transferability of credits, based on institutional accreditation, course modality, and any other relevant factors.

# THINGS TO DO ...

## Local General Education Patterns – Spring 2024

- Revise Local GE Sheet
- Revise GE Catalog Section
- Revise Starfish, Banner, and other systems with new GE attributes
- Review GE Learning Outcomes
- Update, websites, catalogs and GE Sheets
- Train evaluators, counselors
- Communication to students
- Update AP/BP

## Cal-GETC – Spring 2024

- Revise curriculum as needed

## Cal-GETC – Fall 2024/Spring 2025

- Submit Courses for GE (UC TCA in August, Cal-GETC in December)
- Revise ADTs for Cal-GETC language and units
- Submit new Cal-GETC certificate to Curriculum and CCCCCO office
- Revise GE Sheets
- Add GE attributes into local systems (Prior to the registration for Fall 2025)
- Revise GE Catalog Section
- Train evaluators, counselors
- Communication to students
