Competency Based Education General Education Collaborative

The ASCCC, in partnership with the Chancellor's Office (CO) and the Direct Assessment Competency-Based Education (CBE) Collaborative, is forming a workgroup composed of general education faculty from each of the Collaborative colleges. This workgroup will be tasked with creating an initial set of general education competency statements that can be cross-walked back to courses and contextualized to local needs. **Each college may select two faculty members from each Cal-GETC discipline area to join the workgroup.**

If you are interested, please email academicsenate@bakersfieldcollege.edu the end of day on October 14th.

GE Team Recommendations

Attached in separate file.

Respectfully submitted,

Erica Menchaca Giblin
Articulation Officer
