Programs 11/21/24

1st Read Meeting Date	Program Title	Program Description	Program Type (B, ADT, AA, AS, CA, JSC, NC)	Request Type	Units/Hours	Start Semester
11/7/2024	Civil Engineering	<p>The Associate of Science in Civil Engineering (ASCE) program prepares students for transfer to university programs in civil engineering, structural engineering, and related majors. The ASCE includes coursework in physics, calculus, chemistry, surveying, materials science, statics, computer programming, and engineering graphics with AutoCAD. Students are advised that many engineering courses have science and math prerequisites. The ASCE degree is a high-unit major and it is recommended that the students contact a STEM counselor or advisor for guidance regarding appropriate sequencing to complete their degree requirements. Additional coursework may be required for transfer to specific universities.</p> <p>To Achieve the Associate of Science: Upon completion of graduation requirements and the required degree courses with at least a "C" or "P" grade in each course, the student will be awarded an Associate of Science degree.</p>	Associate of Science	Deletion		Summer 2025
11/7/2024	Forestry	<p>The program provides a broad general experience in the arts and science to develop an individual with a well-rounded education ,and a core of basic courses which furnish the student with a perspective of the scientific and professional area of forestry, natural resources, fisheries and wildlife. The pre-forestry, resource conservation and wildlife management program at Bakersfield College should conform to the recommended program as prescribed by the school to which the student wishes to transfer. Students planning to go to work after completing a two-year degree should complete the Associate in Science degree. Career opportunities: Forestry, fishing industries and wildlife management.</p> <p>To Achieve the Associate of Science: Upon completion of graduation requirements and the required degree courses with at least a 'C' grade in each course, the student will be awarded a Forestry Associate of Science degree.</p>	Associate of Science	Deletion		Summer 2025
10/24/2024	Building a Canvas Course	<p>The Certificate of Completion in Introduction to Building a Canvas Course prepares current and future teachers to effectively build a Canvas course. This 18-hour certificate guides students through courses. The first course supports current and future teachers in understanding the integrated tools within Canvas as well as creating a module. The second course supports students as they leverage Design Tools to create a visually appealing course.</p> <p>Upon completion of the required courses with at least a "C" or "P" grade in each course, the student will be eligible for a Certificate of Achievement.</p>	Certificate of Completion (NC)	New	18 hrs	Summer 2025
10/24/2024	Forest Resource Management	<p>The Forest Resource Management program at Bakersfield College focuses on creating a passion for the stewardship of the environment and believes in sustainable use of our natural resources. Our program's goal is to provide experiential learning through a combination of foundational knowledge based in ecology and acquisition of forestry skills (in the classroom and in the field) to succeed in any field within the wide domain of forest resource management.</p> <p>Upon completion of graduation requirements and the required degree courses with at least a "C" or a "P" grade in each course, the student will be eligible for a Forest Resource Management Associate of Science Degree.</p>	Associate in Science	Revision	60	Summer 2025

1st Read Meeting Date	Program Title	Program Description	Program Type (B, ADT, AA, AS, CA, JSC, NC)	Request Type	Units/Hours	Start Semester
10/24/2024	Liberal Arts	<p>The Liberal Arts major at Bakersfield College is designed to provide students with the opportunity to earn an associate in arts degree in a broad area of study. The major is interdisciplinary and allows students to develop a variety of skills transferable to numerous occupations and fields of study. The major is intended to provide general knowledge and to develop intellectual capacities, such as reasoning and judgment, as opposed to professional or vocational skills. This major is suitable for transfer students preparing for upper-division study in a variety of fields in the liberal arts and for those students undecided as to major or further study. Note: Students may only choose the CalGETC general education pattern or CSU GE and IGETC, but only for catalog years prior to 2025-2026.</p> <p>Upon completion of graduation requirements and the required degree courses with at least a "C" or "P" (pass) grade in each course, the student will be eligible for an Associate of Arts degree.</p>	Associate of Arts	Revision	60	Summer 2025
