

College Level Examination Program (CLEP)

The [College Level Examination Program \(CLEP\)](#) is a means through which academic credit may be given for nontraditional forms of educational experience. Those who may have reached a college level of education through home or correspondence study, on-the-job training, television courses, military service, or other means may take the CLEP examinations which are offered by the College Entrance Examination Board through the Bakersfield College [Testing and Placement Center](#).

Subject examinations are articulated to specific courses listed below. With a passing score on one CLEP exam or more, you may submit a *Request for Evaluation* form to the Office of Admissions and Records after you are enrolled in classes at Bakersfield College. A maximum of 30 units of credit by examination may be applied toward an associate degree and/or general education at Bakersfield College.

Further information may be obtained from the Office of Admissions and Records.

Note: Transfer and acceptance of CLEP credit by another college or university is determined by their re-evaluation and acceptance in accordance to their current policies. An official CLEP score report must be sent to the Office of Admissions and Records for a determination of CLEP credit. When a CLEP exam exists that has been approved by the appropriate dean for credit as a specific course or courses in the current college catalog, department administered challenge exams will not be used to award credit in that specific course. The list ~~above~~[below](#) describes courses for which CLEP has been approved. CLEP cannot be used for Cal-GETC.
