

Student Rep: Written Report

- BCSGA:
 - We will be appointing a SOF Grant Manager and 2 Senators
 - It has not been fully completed but the Director of Student Activities position is on track to dissolving and transitioning to a BC activities planning committee, where 8 new student jobs will be made available and more opportunities for students to lead the many activities that BC facilitates vs just 1 student as a director that holds that position
 - Homecoming week is under way, so please encourage all your students and colleagues to look at the A-Frames around campus or follow the BCSGA Instagram page to stay up to date about the details leading up to the Homecoming game; this will help students find some leisure amongst all the work found inside the classrooms and during study times
 - It is time for students and people from our community to start preparing for election season, please let them know that soon we will have tables that will have voter registration sign-ups and resources for more information

- The Student Services Sticker benefits program will soon roll out; we are on the back end of ironing out all the details.
