BCSGA Student Government Association Report

Curriculum Committee November 5, 2026

This semester has been a challenging and somewhat chaotic one for the Bakersfield College Student Government Association. Unfortunately, due to various circumstances, we have only been able to hold one official Senate meeting and one official Executive meeting.

Additionally, just last week, both our Vice President and Speaker Pro-Tempore resigned from their positions. These unexpected changes, along with other challenges we have faced throughout the semester, have impacted our ability to conduct official business and accomplish many of the goals and initiatives we had hoped to achieve.

Despite these challenges, we are continuing to work toward establishing stability, filling vacant positions, and moving forward with the responsibilities and goals of the BCSGA.

We appreciate the Curriculum Committee's patience and understanding during this time. We remain committed to representing the student body and ensuring that students have a voice in the decisions that impact their educational experiences.
