

Business Pathway November 2019 Update

Prepared by Rudy Menjivar, Business Faculty Lead

Progress:

- We have set meeting times and have had successful meetings. Next meeting 11/25, 1/27, 2/24, 3/23, 4/27
- We have had two events to promote pathways services to students. Interview and Resume Seminar on 10/21 and 10/28.
- We have discussed collaboration between faculty and Job placement
- We have encouraged students to register for 15 credits or more by communicating with faculty and counselors
- Discussed having a Business Department Advisory Board Meeting (Pathway volunteers)
- Prepared presentation for Business Pathway Presentation at College Council

Challenges

- Faculty Participation
- No previous faculty lead so I only reached out to Dean and we have been working on capturing any documents or existing work
- We had no one we can ask to attend the Breakfast Tentatively, and thus we do not have a report to give back by 11/12

Questions

- How can we get access to edit team roster?
- Is it possible to allow students to change their pathway/major without consulting counselors? Easy online change. (there seems to be miscommunication between counselors and students when they change majors)
- Can we have seminars or include in freshmen seminars (Bridge to BC) to include changing majors/pathways online. Like a how-to guide for students.
